FACT SHEET

ABOUT

The non-profit organization enpact was founded with the goal of empowering entrepreneurship in the context of international economic cooperation.

Our approach facilitates quick and efficient access to the crucial resources for sustainable growth: financial support, training, mentoring and network development. We work with **entrepreneurs** and **support organizations** in emerging economies across all development stages:

- **Early stage development:**
We empower new and existing businesses and organizations through mentoring, financial support and capacity-building over a period of nine to 12 months.
- **Crisis relief and recovery:**
In a crisis, we provide quick direct financial support, resilience training and mentoring over a three to six months period for MSMEs to sustain their operations.
- **Growth and internationalization:**
We facilitate market access opportunities, strategic partnerships and growth-oriented mentoring and training for businesses to expand their impact internationally.

Since enpact was founded, the organization has grown to over 40 employees across 10 countries. Currently, we are operating in **Africa, Asia, Eastern Europe and Latin America.**

All our projects are founded on peer-to-peer knowledge exchange, connecting resources across ecosystems, and building global communities that support entrepreneurial activity.

We collaborate with partner organizations around the world that share our vision for the sustainable development of the global entrepreneurship ecosystem. Together, we create projects tailored to the local needs of small businesses and organizations.

At present, enpact's network consists of more than 3,200 businesses supported, 1,100 mentors and experts and 200 partner organizations in over 30 countries. Over 15,000 jobs have been created or preserved as a direct result of 40 projects implemented by enpact.

PRESS MENTIONS

WELT

Nachhaltig und authentisch – das andere Ägypten

Bekannt ist Ägypten vor allem für Pauschalтуризм auf dem Nil und am Roten Meer. Doch zunehmend gibt es im Land nachhaltige Reiseangebote. Sie eröffnen sowohl Urlaubern als auch der Landbevölkerung neue, interessante Perspektiven.

How Egypt's tourism businesses are bouncing back

Over the summer, the German non-profit organisation enpact and the TUI Care Foundation selected 50 businesses in Egypt for a six-month tourism recovery programme.

The programme, which runs until January and is supported by the German government, includes €9,000 (\$10,400) of direct financial support, as well as mentoring and training.

DR. SEBASTIAN RUBATSCHER

Founder and Chairman of the Board

With more than 15 years of experience in non-profit management, global project implementation and political agenda setting, Sebastian has created various models for more sustainable and financially effective support programs in development cooperation. Sebastian believes that innovative entrepreneurs have a pivotal role to play in creating positive change in society and addressing the increasingly pressing sustainable development challenges of today's worlds.

Before co-founding enpact e.V., Sebastian worked for the regional PR department of the Organization for Economic Cooperation and Development (OECD) in Berlin. He also gained experience as a consultant for governmental institutions and as a project manager at The Owners Forum.

Sebastian's core expertise lies in policy development, political agenda setting and the data-driven, critical assessment of the efficiency of international cooperation and development. Sebastian holds a PhD in International Relations from the University of Vienna. He is a dual citizen of Germany and Austria, holding passports of both countries.

MATTHIAS TREUTWEIN

Founder and Chairman of the Board

Before co-founding enpact e.V., Matthias Treutwein worked for several years as a project manager and consultant in international development cooperation. Before that, he worked in cultural management. His stations include Transparency International, The Owners Forum, InWent, the Goethe-Institut, and the Robert Bosch Foundation.

At enpact, Matthias is responsible for monitoring & evaluation, capacity building, public relations, and sustainable organizational development. The promotion of networks, as well as horizontal and lifelong learning, are further focus topics for which he is also engaged outside of enpact.

Through various study and work visits over several years, he has a profound intercultural awareness, especially of the Middle East and North Africa. Matthias holds a master's degree (M.A.) in Arabic, French, and Spanish Linguistics & Literature from the University of Göttingen and an Executive Master of Business Administration (MBA) from the European School of Management and Technology (ESMT) in Berlin.
